

WEB + ANDROID · OFFLINE-READY

Run the whole operation from one place.

Procurement, stock, assets, sales, finance and people — connected in one system, with every approval on the record and every number live.

Buy with control

Requisition, RFQ, quotation comparison, PO and goods received — approved and traceable.

Know your stock

Every warehouse and bin, live. Transfers, counts, batches, expiry and serials.

Close the books

Statements, bank reconciliation, budgets and period lock — straight from operations.

Work in the field

Scan, receive, move and approve on Android — even with no signal.

Get paid faster

Invoices, POS and M-Pesa or card collection, matched automatically.

Stay audit-ready

Roles, approvals, MFA and a tamper-evident audit trail built in.

1

SOURCE OF TRUTH

EVERYTHING IN ONE PLATFORM

Switch on what you need. Grow into the rest.

Procurement

Requisitions, RFQs, quotation comparison, POs, GRNs, three-way match, payment runs.

Supplier portal

Suppliers quote, accept POs and submit bills online. Prequalification built in.

Inventory

Multi-warehouse stock, transfers, counts, batches, serials, BOM and assembly.

Assets

Register, custodians, check-out, maintenance and depreciation.

Sales & invoicing

Quotes, orders, invoices, credit notes and a customer portal.

Point of sale

Counters, cash drawers, shifts, M-Pesa and card.

Accounting

Ledger, statements, bank rec, budgets, petty cash, advances, WHT.

HR & payroll

Staff, attendance, leave, payroll, claims, reviews, recruitment.

Helpdesk

Tickets with SLAs, escalation, macros and satisfaction ratings.

Projects

Tasks, Gantt, time tracking and project profitability.

Automation

No-code workflows across 48 events and 27 actions.

Awra Intelligence

Stock-risk signals, forecasts and an assistant for your own data.

Why teams choose AWRA OpsHub

- One record, every desk. A purchase order, its receipt, the stock and the ledger entry are the same event.
- Control without slowing down. Approvals reach the right role on web or phone.
- Built for East Africa. M-Pesa, KRA eTIMS, multi-currency and 188 country tax profiles.
- Guided onboarding. Setup, import templates and training for every role, from a team in East Africa.

Connects with the tools you use
